Subject: statement of support from a French research Institute

On behalf of the CNRS backed research unit LEGS (Laboratoire d'études de genre et de sexualité, UPL, Université Paris 8, Université Paris Nanterre, CNRS, France), we wish to express our solidarity with the faculty and administration of the Central European University , currently under attack by the government of Hungary led by Mr Orban. CEU is a first rate, world renowned university, which has been conducting very important work in the Humanities and Social Sciences for the past 25 years. Its closing would be an immense loss for the international academic community and a worrying sign of intellectual regression in Europe.

Stop attacking academic freedom!

We stand by CEU.

Anne E. Berger

Distinguished Professor of French Literature and Gender Studies

Director, UMR LEGS (Université Paris Lumières, Paris 8, Paris Nanterre, CNRS), France

Anne E. Berger
Professeure de littérature française et d'études de genre
