Dear colleagues,

Considering the possible consequences of the pending amendments to the Hungarian higher education law the International Office of Chemnitz University of Technology would like to express its support for Central European University.

Freedom of studies and science are cornerstones of European higher education. In this sense we herewith express our conviction that only in an educational landscape that follows these principles truly academic freedom as well as exchange of knowledge and experience can flourish.

We sincerely hope that our statement may contribute to a positive solution.

Kindest regards,

Dr. Wolfgang Lambrecht
Head of International Office
