Professor Michael Ignatieff  
Office of the President  
Central European University  
Nádor utca 9  
Budapest 1051  
Hungary

Dear Michael

I am delighted to inform you that at a meeting on 3 May, 2017 the Governing Body of this College elected you to an Honorary Fellowship of St Antony's College.

An Honorary Fellowship is the College's highest honour and is bestowed by the Governing Body in recognition of outstanding achievement in academic or professional life. Nominations are made by three or more Fellows, and are considered in the penultimate meeting of the Governing Body of each academic year. There are at present 32 Honorary Fellows of St Antony's College. The current roster of Honorary Fellows is enclosed.

As an Honorary Fellow, you are entitled to use all the facilities of the College, free of charge. A list of entitlements will follow.

As you know, we are an informal College and no further formality is involved. But it would give us all great pleasure if you could find time to come again to the College so that we can invite you to dine with us as our new Honorary Fellow. It would also give us an opportunity to thank you for all you have done in the fields of academia and government, and for your contributions to public debate and academic freedom.

Yours sincerely

Margaret MacMillan
