

CEU STUDENT RECORDS MANUAL

2021-2022

Welcome to CEU

Dear Students,

This manual has been prepared to help you get acquainted with the work of one of the frequently visited offices in the University - the Student Records Office (SRO). We are here – in person or online - to inform you about the procedures for course registration and other SRO-provided services. If you encounter any problems, do not hesitate to contact our office. You will find our contact information [on the website](#).

We wish you a successful year at CEU!

Credit and grading system

CREDIT HOUR EXPLANATION

One credit hour in CEU graduate programs (master's and doctoral level) is equivalent to 600 minutes of in-class instruction and approximately 40-50 hours of additional out-of-class learning time. One credit hour in CEU undergraduate programs (bachelor's level) is equivalent to 720 minutes of in-class instruction and approximately 40-50 hours of additional out-of-class learning time. For more information, please check the 'Assignment of Credit Hours Policy' <https://documents.ceu.edu/>.

GRADE POINT AVERAGE

Semester and cumulative grade point averages are calculated for matriculated students and are based only on CEU coursework. Averages appear on the transcript and are identified as "GPA". The GPA is calculated by multiplying the grade points with the GPAW value (in almost all cases, this is the credit value) and then dividing this number by the sum of the weights (GPAW) of the courses taken.

OVERALL CLASSIFICATIONS

Academic Standing* (US)	GPA range	Description
Distinction	3.67–4.00	High performance
Merit	3.33–3.66	A very good performance
Pass	2.66–3.32	Performance that meets general CEU standards
Unsatisfactory Standing**	Less than 2.66	A student whose record is below minimum CEU standards or the student's department may, at the end of a given term, be advised by the Academic Pro-Rector, upon recommendation of the relevant department, that further registration will not be permitted, thus terminating the degree candidacy.

* Shown on US diplomas but not on transcripts

** In some cases a student may be permitted to register subject to specific academic conditions which, if not fulfilled by the date specified, will result in the termination of candidacy

GRADES NEITHER INCLUDED IN THE GPA NOR CARRYING CREDIT		
AU	Audit	Audit, no credit earned
W	Withdraw	Assigned for unsatisfactory attendance or withdrawal from a course
IP	In Progress	Assigned if the student received permission for late submission of work for the course. Changes to F if the final course work is not completed by the deadline.
CN	Continued	Continuing course (for courses that last more than one semester)
***	Grade not available	Student is currently enrolled for the course or final grade is not submitted yet

Using the CEU e:Vision Portal (sits.ceu.edu)

Course registration

Course registration is done through the e:Vision Portal. You may access the Portal via the following link: <https://sits.ceu.edu/>

Course registration is mandatory for all students. Failure to register may jeopardize a students' ability to complete their degree requirements. A student attending a course without formal registration will not be awarded any credits. After a student registers for a course, it is immediately recorded on the student's transcript. Dropping a course leads to its automatic removal from the transcript.

REGISTRATION PERIODS

Students can only register* during the registration period (see under Registration Calendar in this document). After having registered, students can modify their course selection by adding or dropping courses. Add/drop through the e:Vision is possible during the registration period. ***In case you failed to register during the registration period, a late registration fee of 15 EUR must be paid.*** After the end of the registration period, e:Vision will not allow any further changes to your registration records.

** At CEU, registration for a course automatically indicates that the student also registered for the examination and paper submission related to that course.*

Registration starts at 8:00 A.M. on the first day and ends at midnight on the closing day. Students are advised not to postpone registration until the last moment, but rather finalize the course selection well in advance.

REGISTRATION DEADLINES AND LATE REGISTRATION PENALTY

Registration deadlines are not flexible. Late add and drop of courses will result in a financial penalty of 15 EUR per course. Students can turn directly to their Department Coordinator or the Student Records Office with their late add or drop requests. Student will have to pay the fee online at <https://payments.ceu.edu/>. Should students turn to SRO with late change requests in their course list, SRO will also request written confirmation in email from the professors and the departments/units about this change.

A student who fails to register for any course by the end of a term's registration period may be advised by the Academic Pro-Rector, upon recommendation of the SRO, that further registration will not be permitted, thus terminating their enrollment at CEU.

If necessary, a student failing a course in a semester will be allowed to register late without a fee in the consecutive semester in another course to compensate for the credits they were not awarded and needs in order to graduate. This is subject to the approval of the instructor whose course the student would like to register for late, and that of the department head.

TECHNICAL PROBLEMS

For technical problems (problems with e:Vision, password forgotten, etc.) students should write an email to helprequest@ceu.edu

ACCESSING THE COURSE REGISTRATION PLATFORM

Log in with your O365 credentials to <https://sits.ceu.edu> site.

Click on the “**My Student Page - Academic**” menu, then open the “**Course Registration**” tile.

COURSE REGISTRATION SITE

- Top of the page: Mandatory course list
- Left side of the page: Elective courses
- Right side of the page: Selected courses

The courses are entered for the entire year already in the beginning of the academic year, therefore you will see Fall, Winter and Spring Term courses as well. By clicking on the hyperlinked Course Title you can view the details of each course: e.g. department, instructor(s), mark scheme, time and location, cap (the maximum number of students), actual (number of students already accepted for the course), comment (important information from the department). There are separate tabs for showing the term specific information of the same course.

MANDATORY COURSES

You have already been registered for the mandatory courses according to the curriculum of your program. You have no further task with these courses.

Course Registration

Welcome to the Online Course registration process. We uphold the right to change the status of your registration in line with academic regulations of CEU.

OTHER COURSES

You need to **choose your courses** in these 5 categories:

- Mandatory-elective courses: a set of courses defined by your department from which you need to select
- Elective courses: select any courses from the list
- Non-crosslisted courses: select up to 4 credits, the course name has to be typed in or use the Search field (explained below)
- Audit courses: the course name has to be typed in or use the Search field (explained below)
- Extracurricular courses: e.g. language courses
- University wide courses

The minimum and/or maximum number of credits you can take from each category (for the whole academic year) is indicated in their section in certain programs. If it is not indicated, please, consult with your department coordinator or check your department handbook.

Choose a minimum of 14 credits in any term from the available list.

CHOOSING COURSES

Click on the “**View List**” button to open the table of the available courses in that particular category. You can sort the list by course code, name, term or by number of credits.

There is a possibility to search for a specific course by clicking on the “**Search**” bar in each block. In the simple search you can enter the course code or the course name. Click on the “**Show Advanced**” link to enter additional search criteria: Level, Credits, Department (abbreviation of the department), Tutor, Term (enter T1 or T2 or T3 for Fall or Winter or Spring Term), Location.

Click on the “**Add**” button to select the course for registration. The course will appear on the list on the right side.

Notes:

In case a course you wish to add collides with another course you have already added, the system will not allow you to add the selected course. In case a pop-up window shows that the course is full, you have the option to sign up for the waiting list.

Choose a minimum of 14 credits in any term from the available list.

This block contains the MANDATORY-ELECTIVE courses.

YOUR SELECTED COURSES

On the right side of the page the 'All my courses' tab shows all the selected courses from each elective category.

The 'Courses from current block' tab shows only those courses which are selected from the category which is opened on the left side with the "View List" button.

The **green check mark** with lines means that you are placed on the waiting list on that course.

If you want to delete a course from your lists, click on the **Trash icon**.

The screenshot displays the 'Selected Courses' interface. At the top, there are two tabs: 'All my courses' and 'Courses from current block', both highlighted with green boxes. Below the tabs is a table of selected courses. The table has columns for Course, Name, Term, Credits, Trash icon, and Checkmark icon. The first two rows have their Trash and Checkmark icons highlighted with green boxes. Below the table is a 'Totals' section with a table showing 'Overall Progress' and 'Credits' with 'Required' and 'Current' values. At the bottom are two buttons: 'View Timetable' and 'Submit Selections'.

TOTAL NUMBER OF CREDITS

Below the Selected Courses table you can see the 'Totals' section which shows the number of credits required versus the number of current credits you reach with your course selection. If 'All my courses' tab is open, all credits are shown, if 'Courses from current block' tab is open, credits of that category are shown.

Note:

You can only submit your course registration in case you reach the minimum number of credits in each category – if it is indicated at all. If it is not indicated, please, consult with your coordinator or check the department handbook.

SUBMITTING COURSE REGISTRATION

To finalize your course registration, you **MUST** click on the “**Submit Selections**” button because this will ensure that the system records your registration. Selecting the courses is not enough to complete the registration process.

Note:

In case the system does not allow you to submit your selections, a red X will appear in the category section where you have not selected the correct amount of credits, or an exclamation mark is displayed for any warnings at the Selected Courses table.

The screenshot displays the course registration interface. On the left, there are three sections, each starting with "AND" and "Choose in any term from the available list." Below each section is a "View List" button. On the right, there is a "Selected Courses" table with columns for Course ID, Name, Term, and a checkmark. Below the table is a "Totals" section with columns for Overall Progress, Required, Current, and a checkmark. At the bottom, there are two buttons: "View Timetable" and "Submit Selections". The "Submit Selections" button is highlighted with a red box and a red arrow pointing to it. A green arrow points to the "View Timetable" button.

SUBMITTED COURSE SELECTION PAGE

After a successful submission you will land on the **Submitted Course Selection** page which lists all your selected courses except for the waiting list courses.

To make any changes, click on the “**Modify Registration**” button. You will be directed back to the course registration site where you can still make modifications (add or delete courses) until the end of the registration period.

To finalize the changes, you **MUST** click on the “**Submit Selections**” button because this will ensure that the system records your modified registration.

Registration deadlines are not flexible, late add and drop of courses for the actual term via SRO will result in financial penalty.

Submitted Course Selections

Please find below a list of your selected courses. If you would like to make any changes to these, please click the Undo Last Change button. (Otherwise, you can leave the screen at this stage.)

CHECKING COURSE REGISTRATION STATUS

Click on the 'My Courses & Grades' tile under the "My Student Page - Academic" menu. You can see the list of courses for each term you have registered for and been accepted to, the number of courses on waiting list, the courses with e-learning elements, and the total number of taken course and completed course credits. Taken course credit shows the total credits of the courses you registered for and completed course credit shows the total credits of the courses you earned grade for.

Other course-related information

LATE STARTING COURSES

Although some courses begin after the end of the registration period, students must still register for these classes during the registration period. For the possibility of dropping these courses outside the registration period, please, consult your department coordinator.

REGISTRATION FOR MANDATORY COURSES

Registration for mandatory courses is automatic - students do not need to register for them.

RESTRICTED COURSES AND WAITING LISTS

Many courses are restricted to a maximum number of students who can enroll in the class and generally registration works on a first-come-first-served basis. However, some departments give priorities to certain groups of students (please, check the comment section of the respective course). If the number of registered students reaches the cap, those who registers later will be placed on the waiting list. Students will not enter the course from the waiting list automatically - it is done manually. Waiting lists are handled according to the given priorities by the department coordinators and later by the professors.

Please, do not forget that changing the grading mode from Grade to Audit (or vice versa) must be done the following way – within the registration period:

Drop the course and then choose again from the Audit options (or from the respective group of courses listed on e:Vision).

Since changing the mode implies that the course first should be dropped and then taken again for a different mode, there is a risk that when the student drops the course, they may lose the original position.

UNSATISFACTORY ATTENDANCE AND DEGREE REQUIREMENTS

Failure to drop a course while not attending will result in the assignment of an “AF” (Administrative Fail) grade for the course. This grade earns no credit and affects the GPA with 0.00 points, that is, it decreases the GPA.

AUDITING COURSES

If a student wants to officially register for a class without earning a letter grade or credit, the course may be scheduled as an audit. The cost and workload incurred in this case is the same as if the course were taken for credit, that is, a student auditing a course may be required to participate fully in the class.

Expectations should be clarified with the course instructor at the beginning of the course. A course scheduled for audit will appear on the student’s transcript with the symbol AU if attendance was regular, or W if the attendance was unsatisfactory. No credit is earned, nor is the GPA affected.

COURSE EVALUATION

Central European University uses an online system, CoursEval, for course and teacher evaluations. Students are asked to evaluate their courses at the end of each semester or after the end of shorter courses through a survey of 15 questions. The CoursEval system is entirely independent of all other university systems. It is managed solely by the Institutional Research Office. Evaluation invitations are emailed with the login link. All surveys are anonymous; *technically* neither the numeric nor the text answers can be linked to the individual respondents in any way. The expected minimum response rate is 85%. Course grades cannot be shared until the evaluations are open or extended due to low response rates. Faculty members receive a report on their evaluations only after they have uploaded all the grades to SITS / student administration system, they do not have access to the names of individual students. CoursEval student evaluations serve as a major source of feedback for both teachers and Departments and are integral components of curriculum development at the University and individual Departments. CoursEval reports are thoroughly studied by the departments and the Office of the Provost in order to respond to student needs and observations effectively. If you have any questions about CoursEval and the procedures involved do not hesitate to contact the Courseval Manager, Erika Mathe at the Institutional Research Office (courseval@ceu.edu).
