Getting Around Campus

Located in the heart of Budapest, CEU occupies several buildings in a vibrant downtown neighborhood just blocks away from the Danube.

CEU Buildings

1051 Budapest, Nador utca 15., 13., 11., and 9. Nador utca 15 is the key entrance to the University and is home to the CEU Auditorium, the CEU Library, classrooms, a cafe and a restaurant. The building opened in fall 2016 with the neighboring Nador utca 13 building. The four interconnected buildings house classrooms, academic departments, administrative units, and student study spaces.

Due to the campus redevelopment project, several units have been temporarily rehoused in Vigyazo Ferenc utca 2, Oktober 6. utca 7, and Jozsef Attila utca 24. For more information, see www.ceu.edu/campus.

To find your way around CEU, please check the most updated version of the campus map at: <http://www.ceu.edu/map>. To look up locations of CEU offices, see: locations.ceu.edu

Counseling and Psychological Services offer short counseling sessions to all CEU students upon request. Professional counselors can meet you to talk about personal, academic and career issues including: adjusting to school, dealing with family or relationships, coping with personal crises.

Many students benefit from just one or a few sessions of counseling. The maximum number of sessions will be determined by the counselors, based on the students' (omit treatment plan) counseling needs (up to maximum of 8 sessions per academic year if needed). If you need longer term counseling or specialized services, the counselors can help connect you with other mental health providers.

The sessions are 45 minutes long, and the counselors try to schedule an appointment within one week from the received email (if it is emergency - please specify in your e-mail).

Fire Regulations and Evacuation Procedures

What to Do in Case of Fire

Anyone noticing a fire or smoke should

- | call Nador 11 reception by dialing 3911 in the Nador complex or 5555 in the Residence Center
- | or use the nearest alarm box in the corridor
- | Fire or smoke also can be reported on a general Hungarian emergency line: (dial 0 first if calling from a CEU line) 112 (English speaking; please report any emergencies on campus to x 3911 first).

In case of a fire emergency call, the following information must be given:

- | the exact location of the fire (town, street name, house number, exact location within the building)
- | what is burning how big the fire is
- | who and what is in danger
- | are people injured or non-responsive
- | the name and phone number of the person who is reporting the fire.

All students, employees and visitors should fully acquaint themselves with actions to be taken in case of fire, bomb alerts or other emergencies. Instructions are displayed in all rooms and elevators of the university complex detailing these actions ('In case of Fire' notices). A training session on fire safety is obligatory for every student and employee each Academic Year. Fire drills are organized in order to ensure that evacuation procedures can be carried out smoothly in case of emergency. Fire escape routes are marked in each building by international symbols of green/white lights. In case of a fire everyone should spread the alarm and evacuate the respective building immediately through the nearest emergency exit. The use of elevators is not allowed. The escape routes and doors must not be blocked even for short periods of time. Smoke and fire detectors are installed in all CEU buildings. Fires or areas of smoke will automatically sound the alarms. Smoking is not permitted in any CEU buildings, including the rooftop of Nador 13/15. Sprinkler systems have also been installed and will be activated in the event of fire. These are sensitive systems and should not be tampered with.

CAMPUS SECURITY

ON CAMPUS

Criminal actions, potential criminal actions and other emergencies on campus should be reported immediately by dialing the Nador 11 reception desk: (+36 1) 327-3911.

Please try to make accurate and prompt reports to the extent you can to assist in notifying the appropriate authorities. Please identify yourself and the location from which you are calling, as well as briefly describe the problem and the conditions of the situation. You should not leave—if possible—the location from which the emergency call was placed.

In case of sexual offenses/complaints, it is important to report the incident as soon as possible. The victim should also seek immediate medical attention through the CEU Medical Center or the 24-hour medical emergency number at (+36 30) 832-6260. Upon receipt of a call, the security guards will initially investigate each reported incident, prepare and submit appropriate reports for use by CEU authorities and, potentially, the police. If a crime appears to have been committed, security guards shall immediately call the police and secure the location to protect evidence.

OFF-CAMPUS

In case of emergency (criminal action, fire, accident, etc.) dial 112.

It is possible to call 112 free of charge from a mobile phone even without a SIM card.

Community Initiatives

STUDENT ACTIVITIES

The University actively encourages and supports the interests and activities of students. The Student Leadership and Service Office works together with students on the different aspects of student experience at CEU. At the start of each Academic Year, we conduct surveys to find out more about students' interests. You are invited to submit proposals for new events and activities. Clubs are formed to focus on a wide range of activities, from chess and basketball, to film and literature.

CEU students participate actively in matters of governance. To ensure adequate student representation the student body elects a Student Union Assembly (SUA) every academic year. The SU actively works towards making the student experience at CEU memorable through organizing numerous activities and supporting students' initiatives. The SU helps organize the International Cultural Festival, the Spring Ball, and numerous parties and sport events.

Founded in 1999, the Human Rights Initiative (HRSI) awareness raising and capacity building organization focuses on youth involvement, education and active student participation. HRSI's mission is to promote social engagement through awareness raising and capacity building.

The Human Rights Initiative (HRSI) aims to create opportunities to the CEU community to volunteer and engage in community activities in Budapest. More information about Student Activities and the Student Union can be found at www.ceu.edu/studentlife/clubs-activities.

SUSTAINABLE CEU

Sustainability is important to CEU. The University is a signatory to the COPERNICUS University Charter for Sustainable Development and has its own Sustainable Development Policy. We invite you to share your ideas for campaigns, events, and activities – big or small – to improve sustainability in our community.

The Nador 13 and 15 Buildings: sustainable design and usage

The newly-renovated Nador 13 and 15 buildings, which mark the first phase of CEU's Campus Redevelopment Project, are built to meet the sustainability standards of our University Sustainable Development Policy for generations to come. Together, the buildings comply with international standards and best practices for sustainable construction, design, and usage.

And because buildings are only as sustainable as its users, Nador 13 and 15 reach peak performance when you – its students – engage in smart and energy efficient behavior. Setting optimal room temperatures, hydrating smart, and using bicycles are just the beginning. To learn more about optimizing campus sustainability, consult the CEU Building User Guide at ceu.edu/campus/sustainable/campussustainability

If you commute by bicycle, you can utilize the Oktober 6. u. 7 building courtyard for daily parking purposes. The courtyard is located on the entrance level of the Oktober 6. u. 7 building, where the School of Public Policy and several CEU offices are located.

Bicycle Repair

All CEU community members can borrow bicycle repair tools from the Sustainability Officer's office in the Oktober 6. u. 7 Building, Room 418. A bike repair station which includes a repair rack and an air pump is located in the Oktober 6. u. 7 Courtyard.

Important Information About Budapest

SAFETY IN BUDAPEST

Overall, Budapest is a safe city - it places third in Central and Eastern Europe according to the 2017 Mercer Quality of Living Rankings. As with any other popular destination however, there will always be tourist traps and tricks that you should know of. Stay vigilant, use common sense, and take precautions to ensure your safety at all times. The more prepared you are, the more enjoyable your experience will be. In case of an emergency, please contact campus security at (+36 1) 327-3000 extension 3911.

Pickpockets, scam merchants

Pickpockets tend to frequent public transport vehicles, metro escalators, crowded shops, and popular tourist places.

- | Carry only as much cash as you need for the day. Be vigilant of where you keep your money, cards, and other valuables as you move, ensuring your bags are closed and firmly secured on your person.
- | Be on the look-out for potential pickpockets. If you are aware of your surroundings, you are less likely to be disturbed.

- | Pickpockets and scam merchants usually work together to distract your attention. If you are approached by people with questionable intentions, it is best to walk away.
- | Be aware of people around you when using an automated teller machine (ATM, or 'bankomat' in Hungarian); it is not usual for others to stand right behind you. Always cover your hand when entering sensitive information via the number pad.

Exchanging money

It is best to exchange currency in any major bank (OTP, Unicredit, and K&H) or at certified exchange bureaus, which are usually marked with a red 'change' sign above them. Changing money on the streets and in informal settings is prohibited by law.

Areas to avoid at night in Budapest

Downtown Budapest (Castle District, districts V, VI, part of district VII along the Grand Boulevard) is fairly safe at night. As a general rule of thumb, avoid poorly lit streets and underpasses. Remember: you are always safer travelling with friends and in groups.

HOME AND PROPERTY INSURANCE

It is highly advisable to insure your apartment or belongings (e.g. laptop) against loss, theft, accidental damage and fire. The University's health insurance policy (valid within the territory of Hungary) does not cover such items. It is important that you make a list of personal belongings for insurance purposes.
