You will need your Austrian SSN, or EKZ to successfully submit it. Either EKZ or Austrian SSN will be shown in the e-mail. You can also find your Austrian SSN or EKZ number on your Administrative Page in e:Vision.

NOTE: To register for the courses at CEU, you need to complete this survey successfully.

You will receive an automated link and a short explanation about this survey to your student e-mail address, please monitor it.

EKZ number

Not all persons who acquire educational qualifications in Austria have an Austrian social security number. A substitute code must therefore be used instead of the national insurance number for these students. This number is the EKZ number (Ersatzkennzeichen), substitute code (four letters plus six numerals, e.g. HXTQ236789. Every person receives a unique code, generated by the Austrian authorities. There is no card produced for the EKZ number.

The survey

Please be aware to add the correct code to the appropriate fields. In case you have an Austrian Social Security number (10 digit number, only numerals), please tick the relevant box, otherwise you should choose 'I don't have Austrian Insurance Number, but a Substitute Code' box and add your EKZ number (10 digit number, 4 letters
and 6 numerals). If you select Austrian SSN but enter the EKZ e.g., or you have not given a valid Austrian SSN number, you will see the message improper value.

**PDF confirmation**

The PDF confirmation does **NOT** need to be collected by CEU PU. You can keep it if you wish, of course. The reason why this sentence is there is that some universities still collect it.
