Getting Around Campus / Campus Redevelopment

CEU now occupies several buildings in downtown Pest with the Nador 9 Building, also known as the Monument Building, at the center. The Monument Building is linked to the Faculty Tower, the Nador 11 Building, and the Zrinyi 14 Building via internal passageways and the Japanese garden.

Due to the campus redevelopment project, several units have been temporarily rehoused in Vigyazo Ferenc utca 2, Oktober 6. utca 7, and Jozsef Attila utca 24. For more information, see www.ceu.edu/campus.

Please note that at the beginning of the academic year several units will move to the Nador 13 and 15 Buildings.

To find your way around CEU, please check the most updated version of the campus map at: <http://www.ceu.edu/map>. To look up locations of CEU offices, see: locations.ceu.edu

Get Oriented - Enrollment Procedures

STUDENT ORIENTATION (PRE-SESSION)

CEU has developed an Orientation Program for new students, designed to familiarize them with their academic departments, university services, and housing arrangements during their residence in Hungary. Students are required to attend the Orientation Program, which consists of a series of information sessions and in-person meetings when students arrive to CEU.

If you are not staying at the Residence Center, we will assist you in finding suitable accommodation shortly after you arrive. The Budget and Finance Office provides information on banking arrangements and various payment procedures. The Information Technology Department in collaboration with the Computer and Statistics Center introduces students to the CEU computer network and user regulations and CEU's official (Microsoft Office 365) mailing system, while the Center for Academic Writing conducts an ongoing academic writing program. After attending the IT/Computer Orientation and the CEU Computer Communication Lecture, new students have to take a compulsory Computer Proficiency Self-assessment Test. More information about the Lecture and the Test is available here: Lecture: www.personal.ceu.edu/comp/communications.htm
Self-assessment Test: www.personal.ceu.edu/comp/exam

If you miss the Orientation sessions at the beginning of the academic year, you will likely lack important information that could make your settling down in Hungary easier. Please make sure you visit the relevant offices when you arrive at CEU. The Online Orientation at www.ceu.edu/oo has been designed to assist students gathering information about the necessary procedures.

REGISTRATION IN THE UNIVERSITY INFORMATION SYSTEM (UIS)

CEU has its own integrated information network, called the University Information System (UIS). Matriculation, course registration, add/drop, grading and degree application are all computerized and students are responsible for conducting all necessary procedures in connection with their registration. UIS also provides on-line information about courses, grades, and class schedules, as well as information on rental accommodation available in the city.

| The University Information System can be accessed on a CEU computer at <https://infosys.ceu.hu>

| The online graduation form and course registration can be accessed from outside CEU at <https://studentinfo.ceu.hu>

| The Student Records Manual can be downloaded from sro.ceu.edu.

UIS inquiries regarding student records should be directed to:

POLICY ON HOLDS

Failure to meet any obligation to the university, including those conditions set forth in the individual's enrollment confirmation form and financial obligations, will result in suspension of access to various student services. These include—but are not limited to—issuance of transcripts and diplomas, access to any of the following: the CEU computer network; the CEU Library; medical services; the University Information System (rental accommodation database, matriculation form, class registration); research grants and fellowship stipends. The Policy on Holds will be applied until the obligation is met and the hold is cleared by the respective office.

LEAVING PROCEDURE

If you are graduating, at the end of the Academic Year, you will be asked to fill out the online graduation and leaving form indicating that you have no outstanding debts or obligations to the University. Failure to fulfill the requirements will result in the withholding of your diploma and other University services, according to the CEU Policy on Holds. www.ceu.edu/admissions/funding-fees/tuition-fees/latefees-refunds. Students who withdraw from their studies during the academic year (e.g. failed, enrollment terminated, left) are still required to complete the online leaving form. It is CEU's obligation to notify the Immigration Office about the changes in a student's status. Students who fail to follow this procedure may face serious problems with the local authorities. For details, see: www.ceu.edu/studentlife/onlineorientation/leaving.

The Campus Redevelopment Office (CREO) is responsible for planning the comprehensive redevelopment of the current CEU premises to a new and modern campus to provide sufficient space and appropriate facilities to students, faculty and staff of CEU. Additionally, CREO staff supports the University in fulfilling the commitments presented in the University's Sustainable Development Policy.

CEU has embarked upon a comprehensive plan to redevelop the current CEU campus to create a University that is forward-looking in both technology and sustainable energy use, and also unique in the Central and Eastern European region. The plan presents CEU with a remarkable opportunity to create a complex, modern campus. Its prime objectives are to provide sufficient space and appropriate facilities to support current as well as future activities and needs of the University. It will strengthen the community life of CEU and provide CEU students, faculty and staff with an inspiring space for studying, teaching, research and interaction. It will also be a base for CEU to integrate further in the academic and social life of Budapest and Hungary, enhancing the visibility of CEU in Hungary and internationally, enabling the University to continue to attract highly qualified students, faculty and staff. The entire CEU community has been involved from the inception of the project and will be consulted through all of its phases.

Approximately 35,000 square meters will be redeveloped in the center of Budapest to provide facilities for 2,000 students, 300 faculty and researchers, and 250 staff members.

Instructions are displayed in all rooms and elevators of the university complex detailing these actions ("In case of Fire" notices). A training session on fire safety is obligatory for every student and employee each Academic Year. Fire drills are organized in order to ensure that evacuation procedures can be carried out smoothly

in case of emergency. Fire escape routes are marked in each building by green/white lights. In case of a fire, please let everyone in your vicinity know about the danger and evacuate your building immediately through the nearest emergency exit. The use of elevators is not allowed. Please make sure that you do not block escape routes and doors. Smoke and fire detectors are installed in all CEU buildings. Fires or smoke will automatically set off the alarm. (Please note that smoking is allowed only in designated smoking areas.) Sprinkle systems are installed in the Nador Complex and will be activated in the event of fire. These are sensitive systems and should not be tampered with.

POLICE SERVICES

Community Initiatives

STUDENT ACTIVITIES

The University actively encourages and supports the interests and activities of students. At the start of each Academic Year, we conduct surveys to find out more about students' interests. You are invited to submit proposals for new

events and activities. Clubs are formed to focus on a wide range of activities, from chess and basketball, to film and literature. There is also a CEU Debate Society, which in previous years has gone on to the European Universities Debating Championship. More information about Student Activities and the Student Union can be found at www.ceu.edu/studentlife/clubs-activities.

SUSTAINABLE CEU

Sustainability is important to CEU. The University is a signatory to the COPERNICUS University Charter for Sustainable Development and has its own Sustainable Development Policy. Students, staff members, faculty and CEU community members who are interested in campus sustainability are encouraged to share their ideas for campaigns, events, and activities.

Recycling

Waste reduction and efficient selective waste management is a primary goal at CEU. Selective waste bins are distributed evenly throughout campus to make smart waste management convenient for all users. Currently, clearly defined **paper** and **plastic** collection bins are widely distributed throughout all floors of buildings on campus, and in most cases located in common areas and kitchens. **Used batteries** can be deposited in the specially marked green bin near the ATM in the Octagon Area of the Monument Building.

Glass and Metal waste can be deposited in the Nador u. 11 courtyard where labelled collection bins are located.

We encourage you to be creative in coming up with ways to reduce the amount of waste you produce on campus. Not producing waste is the best solution, but when you do please consider the appropriate bin when disposing of waste, and if you have any questions related to waste management please contact: strenchockl@ceu.edu

Smart Hydration

Drinking water at CEU meets all Hungarian and EU standards for safe and healthy drinking water. Official testing of water quality on campus was initiated with the intent to encourage community members to have full confidence in choosing tap water for hydration needs on campus. Utilizing tap water for hydration purposes has significant environmental, health, and economic benefits.

In accordance with ongoing efforts to promote sustainability initiatives at CEU and to strengthen the commitments outlined in the University Sustainable Development Policy, Sustainable CEU and the Campus Sustainability Advisory Committee (CSAC) encourage you to take advantage of the high quality, free, and environmentally friendly source of drinking water supplied directly to our campus.

Currently filtered and chilled drinking water fountains can be found in the following locations:

Monument Building: Laptop Area | **Monument Building:** Mezzanine Area outside of Library
Faculty Tower: 4th Floor Hallway | **Nador 11 Building:** Reception Area

Bicycles

CEU also encourages the use of bicycles as a sustainable, healthy and environmentally friendly form of transportation. In recent years bicycle culture has been growing in Budapest, the CEU community has many dedicated bikers who commute throughout the year. Since 2013, the CEU Bike Share program has allowed University community members to utilize bikes for short term borrowing periods.

If you commute by bicycle, you can utilize the Oktober 6. u. 7 building courtyard for daily parking purposes. The courtyard is located on the entrance level of the Oktober 6. u. 7 building, where the School of Public Policy and several CEU offices are located.

To access the bicycle courtyard, please enter through the main entrance of the Oktober 6. u. 7 building, and proceed to the back of the entrance floor, where you will find a door which you can use to access the parking area on the right side of the back wall. Please look for signs which indicate where the bike parking area is located.

Bicycle Repair

All CEU community members can borrow bicycle repair tools from the Sustainability Officer's office in the Oktober 6 u. 7 Building, Room 418. A bike repair station which includes a repair rack and an air pump is located in the Oktober 6. u. 7 Courtyard.

CEU Bicycle Share Program

If you are interested in using a bike for a day or weekend trip but don't have a bike to call your own, we encourage you to take advantage of the CEU Bike Share System. A number of bikes are available for borrowing by all CEU community members. Bike requests must be placed in advance of borrowing and individual bikes can be borrowed for up to a 3 day period after an official request. For more information about biking at CEU, and the CEU Bike Share System, please send an email to: StrenchockL@ceu.edu

Another way for renting a bike in Budapest is to join the Bubi public bike-sharing system. For details, please consult this site: <http://molbubi.bkk.hu/hasznalat.php>

Green Living in Budapest Guide

Have you ever wondered where you could buy local produce, find used clothing or books, or how to get involved in local community environmental initiatives? A helpful guide was created by Sustainable CEU to give you a better idea of how to adjust comfortably to life in Budapest. Additionally, we encourage you to use this guide to become more aware of where and how you can exercise your rights as a conscious consumer and active community member. This guide lists only a few examples of some of the interesting opportunities you have for green living in Budapest. More Information: www.ceu.edu/campus/sustainable/getinvolved

Important Information About Budapest

SAFETY IN BUDAPEST

Public safety is fairly good in Budapest, though just like in any other popular destination there are some common tourist traps and tricks that you have to be aware of. Please use your common sense and take precautions to ensure your safety in Budapest. If you are prepared for them, chances are that you will enjoy your stay without any unpleasant experiences.

Pickpockets, scam merchants

Pickpockets are most active on public transport vehicles, on escalators leading down and coming up from the metro, in crowded shops and popular tourist places.

- | Carry only as much cash as you need for the day, and try not to keep money, cards and other valuables in one place.
- | Keep your money, documents, mobile phone safe and secure; in a belt bag at the front of your body or in an inside pocket. Keep your camera in a bag with a strap wearing it across your shoulder.
- | Always look out for possible pickpockets. If they see you are on the alert, they likely will not choose you as their next victim.
- | Pickpockets and scam merchants usually work together to distract people's attentions. If you are approached by a group of dubious people attempting to gain your attention, just turn your back and walk away.
- | Be aware of people around you when using cash machines; it is not usual for others to stand too close.

Exchanging money

Do not change money in the streets! It is against the law and you can be easily cheated or end up with counterfeit money. You are advised to exchange your currency in any major bank or at exchange bureau.

Areas to avoid at night in Budapest

Downtown Budapest (Castle District, districts V, VI, part of district VII along the Grand Boulevard) is fairly safe at night. As a general rule of thumb, avoid poorly lit streets and underpasses. Avoid walking on your own, you are much safer with friends.

HOME AND PROPERTY INSURANCE

It is highly advisable to insure your apartment or belongings (e.g. laptop) against loss, theft, accidental damage and fire. The University's health insurance policy (valid within the territory of Hungary) does not cover such items. It is important that you make a list of personal belongings for insurance purposes.
