**PhD in Economics** / Learn to conduct innovative, original research addressing the fundamental economic questions of our time. The program comprises intensive coursework and an independent research period guided by internationally recognized faculty. Perfect your skills with leading economists, choose from several specializations and develop your own research program. Pursue a career in academia, governmental organizations or the private sector. → [economics.ceu.edu/program/doctor-philosophy-economics](https://economics.ceu.edu/program/doctor-philosophy-economics)

**PhD in Business Administration / FULL-TIME / PART-TIME / MODULAR** / In this program, students can deep dive into burning questions and seek rigorous and analytical solutions. Participants must develop the competences to conceptualize, investigate, and derive solutions to complex, practical business challenges, be innovative, and use new tools and advanced research, analytical, and critical-thinking skills. By joining our PhD, you will become ready to continue your executive-level organizational role. You will be a research thought leader and innovator. For those executives seeking transitions to faculty positions in higher education, this program will make you competitive in this career path too. The course has been curated for you to re-think and develop novel best practices as well as formulating new methodologies to strengthen organizational performance. By combining extensive engagement and knowledge of business practice with an academically rigorous doctoral education in collaboration with world class research faculty, you will bridge the gap between business practice and strategy and rigorous academia → [ephd.ceu.edu](https://ephd.ceu.edu)

"The program offers both academic excellence and life-skills training. It provides comprehensive and deep insight into economics, governance, civil society, media and international relations. Another thing I love about the department is how understanding and responsive they are to students' concerns and differences. Beyond a doubt, CEU is a global village, giving us every opportunity to become better policy-makers in the future." **DIKSHA MAHARA** *Nepal / MA in Economic Policy in Global Markets*

## LEARN FROM TOP RESEARCHERS

OUR FACULTY HOLD PHDS FROM

- \* Harvard
